Description

BOXED VERSION

1944: War in the West is a beer-and-pretzels, two-player game based upon the Allied liberation of Western Europe in 1944 - 45. One player controls the Allied forces, the other the Germans. Command and supply play an important role in the game as it did in the historical conflict. The geographic scope of the game is from Cherbourg, France to Vienna and from Arnhem to Florence, Italy.
