Description

Very Good unpunched copy except that there is some marking on the back of the map

Other C20 : Bar-Lev: The Yom-Kippur War of 1973

Bar-Lev was considered a complex game at the time of its publication (mid-70's).

It is an engaging battle game, bringing sophisticated air and ground combat modules together to simulate fighting on the Golan Heights and at the Suez Canal in 1973.

Features 450 counters.
