Description

Open copy, never played. Shrink-wrap removed to verify condition after a long time in storage. Overall condition is excellent, given the age, counters remain unpunched (although the odd small section may have come loose). The game booklets have rusty staples and remain perfectly legible. Map/Charts are also excellent. Very light shelf-wear to the game box.

The Battle for Stonne, France 1940, Tactical Combat Series. #5 : 840 counters : One Map : 28 page series rulebook : 8 page game rulebook : 2 dice : 4 scenarios : Game Scale : 20 Minutes per Turn : 125 yards per Hex : Units are platoons with individual Vehicles : High complexity : 1-2 players, 6-20 hours. Designed by WG Graves.
