Description

Open Copy, Slightly shop-spoiled from long-term storage. Light wear to the game box, rusty staples to the rules and hint of grubbiness to the map. Counters/cards remain unpunched.

A Strategic wargame covering the American Civil War. The game starts in Spring of 1861. The game map covers most of the main battle areas of the Civil War; from Pennsylvania to the north, to Texas in the west. Players collect income from the territories they control and use it to spend it on combat units to use during combat.
