Description

Modern Naval Battles - Global Warfare is inspired by our original 1989 award winning game and its 2 expansions.

Global War is a redesigned improvement of the original game.

The cards are beautifully printed with full color on both sides with rounded corners. Box size is 9" x 12" x 1.5". Cartamundi did all the printing and production work. They are a great company to work with and have a lot of experience printing games.

This new game features ships from 9 different nations: USA, USSR, UK, France, China, Argentina, Taiwan, Norway, and Japan. This gives you the ships you need to play out battles during the Cold War, Falkland Islands War, and Post-2000 naval warfare on the high seas.

The MNB - Global Warfare system maximizes player decision making to make every turn exciting. First, you get to select a nation's fleet to command. Then, you get to select your specific ships to build what you think is the best battle group. Once selected, you'll get to battle the fleets selected by the other players for ultimate supremacy of the seas!
