Description

Very Good Condition Unpunched Copy.

Planes in Flames (PiF) includes every aircraft in World War II in spectacular detail including their historical full-colour camouflage patterns. Not only including the work horses of the war such as the Stukas, Spitfires and Thunderbolts, Planes in Flames also includes the esoteric (e.g. the Kikka and the MBR-2) as well as the improbables (e.g. the Go-229 bat and J7W1 Shinden) amongst many many others.

Planes in Flames includes 600 counters, rules and charts that turn World in Flames from a great to an unforgettable experience.
