Wart! Commanded by the sinister Count Dooku, the Separatist Alliance has drawn numerous worlds into open insurrection against the Galactic Republic, spreading chaos and tyranny in the name of greed. With its powerful warships and vast reserves of droid forces, the Separatist fleet seems an insurmountable threat to peace and freedom in the galaxy.

This *Fleet Starter* provides the building blocks for your own Separatist fleet, starting with a *Munificent*-class Frigate miniature and two *Hardcell*-class Transport miniatures. These ships are supplemented by four squadrons of *Vulture*-class Droid Fighters ready to swarm their enemies. In addition to these miniatures, six ship cards give you the power to choose the exact models that make up your fleet and 20 upgrade cards invite you to fine-tune each ship with iconic officers, powerful weapons, and more.

No matter how you decide to outfit your fleet, the *Separatist Alliance Fleet Starter* is an excellent place to begin building your *Star Wars: Armada* collection. You'll find all the components necessary to begin playing within this set, including nine attack dice, 10 command dials, eight speed dials, 12 objective cards, six obstacle tokens, a range ruler, and a maneuver tool. Assemble your fleet and destroy the enemy!
