Description

***A Battle Opponent Who is Always Ready***

Solo Assistant is the next evolution in our solo card series. Our Solo Assistant is a system that allows players to be able to play the scenarios that come with games from Nations At War Series and World At War 85 Series as well as ones that can be created with our Battle Generators. We went beyond that and now providing one solitaire system that works across both Nations At War Series and World At War 85 Series past, present and future games.

The Solo Assistant system allows players to fight against an Artificial Enemy Opponent (AEO) that operates using a series of cards drawn from a deck, which makes decisions for the AEO game units. You can play an entire scenario allowing the AEO to make decisions for the non-player. Solo Assistant will allow you to play any complete Nations At War or World At War 85 game including any expansions, in either World War 2 or Modern eras.

**Requirements: To use the product you must have a Nations At War or World At War 85 Core game.**
